Directions: Underline the words in the story as you find them, unscramble them and write them in the boxes below. Dale Chihuly is a glass sculptor. He makes the sculptures with large pieces of glass which have been made in his studio by a team of glass-blowers. The pieces are packed in cardboard boxes and shipped to the location of the exhibition site where they are assembled. Some of the exhibits are massive and all are made of beautiful colors. He displays his works in museums, hotels, and botanical gardens all over the world. One display in Jerusalem called the Tower of David was viewed by more than a million people. He has received many awards for his creations.
